FRONTEND DEVELOPER

Summary of Qualifications

An enthusiastic and self-driven Frontend Developer with a solid foundation in web development technologies including HTML5, CSS3, JAVASCRIPT, and frameworks like REACT.js . I bring a strong understanding of front-end design principles and a passion for creating dynamic, responsive websites and applications and fundamentals of FIGMA. I'm continuously enhancing my technical knowledge, attention to detail, and problem-solving abilities to contribute to meaningful projects and grow as a developer.

Technical skills

Html5 | CSS3 | Bootstrap-5 | JavaScript (Intermediate) | Wordpress (Basics) | React.js (Intermediate)
phpMyAdmin | PHP | Figma (Basics)

Projects

iNetwork:

Time-taken: 9-10 Days

Idea: It's like a forum website where users can log in, ask questions, and have discussions by adding follow-up questions.

Skills Used: HTML5, CSS3, JAVASCRIPT, BOOTSTRAP-5, PHP, SQL Queries, phpMyAdmin.

Project Explanation :

- Integrated post creation with images and descriptions, and ensured a seamless user experience for viewing, questioning, and answering through a structured, user-driven interaction model.
- Implemented a dynamic question-answer system where users can ask questions on specific posts, respond to existing queries, and engage in threaded sub-question discussions for unresolved topics.
- Developed a Q&A web application using Bootstrap 5, PHP, HTML, CSS, JavaScript, and PhpMyAdmin, enabling users to create accounts, log in, and interact with post-based content.

NewsSimple:

Time-taken: 14-15 Days

Idea: It's a news app anyone can come to this app and use it for the type of news they wanna know about.

Skills Used: REACT.js, LOADERS, APIs, BOOTSTRAP-5, JAVASCRIPT.

Project Explanation :

- Built a dynamic news web application using HTML, CSS, JSX, React.js, React Hooks, and React Router DOM to deliver personalized news content based on user interests.
- Implemented real-time filtering and search features, allowing users to type or select a news category to instantly view related articles.
- Integrated responsive UI with loaders and routing, ensuring a smooth and interactive user experience across different sections of the website.
